

Rebirth Globe Franchise Program

A comprehensive franchise opportunity combining cutting-edge longevity technology with world-class facilities to create exceptional wellness destinations worldwide.

Pioneering the Future of Longevity

Rebirth Globe stands at the forefront of the longevity and wellness movement, dedicated to extending the healthy human lifespan and enhancing quality of life through groundbreaking science and holistic approaches. Our mission integrates cutting-edge research, advanced diagnostics, and personalized interventions to create bespoke longevity programs tailored to each individual's unique biological makeup.

We believe true longevity transcends mere age - it encompasses **vitality, cognitive function, and emotional well-being**. Our methodology is rooted in deep understanding of cellular health, genetic predispositions, and environmental influences.

Our Three Pillars

Scientific Innovation

Leveraging advanced biotechnologies and data analytics to uncover personalized health insights.

Holistic Well-being

Integrating physical, mental, and emotional health for comprehensive longevity solutions.

Personalized Programs

Crafting bespoke interventions based on individual genetic profiles and lifestyle needs.

CHAPTER 2 THE FRANCHISE CONCEPT

Forging Longevity Franchises Worldwide

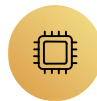

Rebirth Globe seeks to establish franchise partnerships with leading institutions globally, dedicated to advancing medical innovation and patient-centered care. Our franchise model integrates state-of-the-art technology with a holistic approach to wellness.

What Makes Our Franchise Unique

Patient-Centric Design

Programs designed with compassionate, personalized care at every stage, adaptable to various franchise contexts.

Cutting-Edge Technology

Access to the latest diagnostic and treatment technologies, establishing leadership in digital health.

Expert Collaboration

Highly experienced medical professionals supporting franchise partners across specialties.

Holistic Frameworks

Comprehensive health vision aligning with extended vitality and integrated wellness programs.

How the Franchise Model Works

1

Rebirth Globe

Advanced diagnostics, cellular therapies, and personalized longevity protocols based on cutting-edge research.

2

Franchise Partner

State-of-the-art facilities, renowned medical teams, and robust operational support.

3

Global Impact

Premier hubs for preventative and regenerative medicine, attracting discerning clients worldwide.

Together, Rebirth Globe and franchise partners redefine the standards of longevity and preventative healthcare - offering a holistic journey towards enhanced vitality through mutually beneficial partnerships.

Key Challenges in Global Longevity Healthcare

The specialized field of longevity healthcare faces unique challenges that hinder its full potential worldwide. Rebirth Globe's franchise model directly addresses these issues, positioning our integrated centers as leaders in accessible, high-quality, and scientifically-backed longevity solutions.

Challenges We Solve for Franchise Partners

1

High Cost of Advanced Treatments

Pioneering treatments involve significant investment in research and specialized equipment. Our franchise model optimizes delivery to ensure value and broader accessibility.

2

Scarcity of Specialized Expertise

Global shortage of professionals trained in genetics, cellular biology, and regenerative medicine. Rebirth Globe provides access to leading experts and ongoing training.

3

Access to Cutting-Edge Technology

Many facilities lack advanced tools for longevity assessments and precision medicine. We ensure access to state-of-the-art equipment and continuous upgrades.

4

Lack of Standardized Protocols

Longevity medicine sometimes suffers from lack of universally accepted protocols. Our framework prioritizes scientific rigor and established best practices.

CHAPTER 7 EQUIPMENT & TECHNOLOGY

Phase One: Core Equipment Suite

Every franchise location launches with our proven core technology platform — the foundation of the Longevity Room experience.

Core Technology Platform

1 Svenson Chair

Deep Core Activation & Functional Longevity. Activates deep core muscles, pelvic floor structures, and postural support layers essential for stability and long-term functional independence.

3 Svenson Formflex

Strength Preservation & Metabolic Efficiency. Deeply engages large and postural muscle groups, supporting preservation of active muscle mass and balanced body composition.

2 Motion AI

Intelligent Movement & Neuromuscular Optimization.

Autonomous robotic platform analyzing movement patterns in real time, delivering adaptive sessions for mobility, balance, and coordination.

4 Svenson Red Glow

Cellular Recovery & Photobiomodulation. Supports mitochondrial energy production, inflammatory balance, and tissue recovery through advanced photobiomodulation technology.

Phase Two: Advanced Recovery & Regeneration

Phase Two expands the Longevity Lounge into a high-level recovery, adaptation, and regeneration environment. These technologies are introduced once the core system is established, allowing franchise locations to increase both physiological depth and experiential value.

- ❏ Rebirth Globe consistently introduces new longevity elements every few months - devices, treatments, or experiential upgrades - ensuring the franchise experience is **dynamic, evolving, and continuously advancing**.

Phase Two Equipment

Svenson Ultimate

Advanced Hyperbaric Oxygen. Delivers pressurized oxygen exposure to increase oxygen availability at tissue level, supporting cellular repair and physiological resilience.

Svenson Cryo Chamber

Whole-Body Cryotherapy. Controlled cryotherapy activating natural survival mechanisms, supporting inflammatory balance and accelerating recovery.

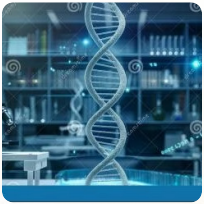

Svenson Red Light Sauna

Thermal Recovery & Cellular Regeneration. Combines controlled thermal exposure with red light photobiomodulation for deep recovery and regeneration.

Advanced Diagnostic & Treatment Services

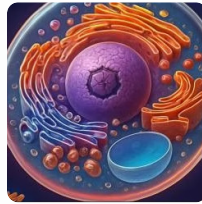

Beyond equipment, Rebirth Globe offers comprehensive diagnostic and treatment services representing the forefront of longevity medicine. These services set franchise facilities apart and attract clients seeking cutting-edge health solutions.

Franchise Diagnostic Offerings

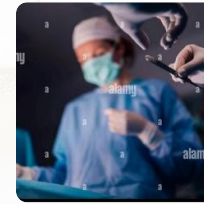

DNA Testing

Comprehensive genetic analysis to tailor personalized health optimization, disease prevention, and longevity strategies for each client's unique genetic blueprint.

NAD+ Therapy

Advanced NAD+ supplementation protocols designed to boost cellular energy at molecular level, enhance cognitive function, and support healthy aging.

Stem Cell Coordination

For clients seeking advanced regenerative therapies, Rebirth Globe facilitates access to leading treatment protocols, ensuring seamless integration of cutting-edge therapies.

CHAPTER 9 REBIRTH BAR

Rebirth Bar: Integrative Wellness & Nutrient Therapies

The Rebirth Bar is a dynamic and essential component of every franchise Longevity Lounge — providing an integrative wellness experience centered around optimized nutrition and precision nutrient delivery. It serves as a vibrant social hub where clients enjoy performance-enhancing elixirs, functional superfood infusions, and advanced nutrient therapies.

Rebirth Bar Experience

Performance Elixirs & Superfood Infusions

Freshly prepared, organic, locally sourced ingredients formulated into delicious elixirs. Members access bespoke nutritional recommendations from DNA test results via QR scan, ensuring every sip contributes to their longevity journey.

Targeted Nutrient Therapies

Advanced therapies including IV vitamin drips and intramuscular shots. Essential vitamins, minerals, and amino acids delivered directly into the bloodstream for maximum absorption and bioavailability.

Expert Guidance & Community Hub

Staffed by trained wellness professionals providing personalized recommendations. Fosters a strong sense of community, encouraging clients to connect, share experiences, and integrate wellness into daily lives.

CHAPTER 10 GLOBAL VISION

Global Vision 2028

Rebirth Globe is set to redefine the global longevity landscape with an ambitious plan to establish at least **80 cutting-edge wellness centers worldwide by 2028**. This rapid expansion is complemented by creation of a dynamic and interconnected community of franchisees, designed to foster unparalleled collaboration and mutual growth.

Expansion Strategy

80+ Centers by 2028

Targeting at least 80 premium longevity centers, extending reach across key global markets.

Collaborative Marketing

Sharing high-impact marketing materials and best practices for a unified brand message.

Empowering Franchisees

Cultivating a vibrant pool of franchisees with framework and tools to connect, innovate, and grow together.

Joint Events & Knowledge Exchange

Organizing synergistic events and platforms for continuous knowledge exchange and innovation.

Client Journey & Service Integration

Longevity Rooms offer clients a comprehensive wellness journey, seamlessly integrating diagnostic assessments, treatments, and ongoing support. This comprehensive approach positions franchise Longevity Rooms as a complete solution for clients serious about optimizing their health.

Upon arrival, clients undergo DNA testing to establish their unique genetic baseline and identify optimal intervention strategies - creating a truly personalized longevity experience.
